Elbit Systems - Cyclone Ltd.

Elbit Systems - Cyclone Ltd., a wholly-owned subsidiary of Elbit Systems Inc., is Elbit Systems design and manufacturing center for composite and metal aircraft structural assemblies and subassemblies for leading aerospace companies and OEMs.

Cyclone holds special processes certifications and equipment qualifications from NADCAP as well as from leading OEMs such as: Boeing (commercial and military), Bombardier Lockheed Martin, Bell, Sikorsky, Airbus and others.
Elbit Systems • Cyclone Ltd. (Cyclone) is certified for various Nadcap processes as AS9001 Rev C 9001 and Boeing AS 9100-2000 Advanced Quality Systems, and is a Boeing Gold Level Preferred Supplier.

From flight control and aerodynamic surfaces to doors and specialized aircraft parts, Cyclone’s assembly line and part production programs cover a wide range of aerostructure products.

With strong technical and engineering capabilities, supported by a rigorous LEAN system, Cyclone is a recognized specialist in Build-to-Print and Build-to-Spec aerostructures. Numerous awards point to the industry-wide respect gained by Cyclone over the years from aerospace industry leaders.
