

## Elbit Systems UK Subsidiary Awarded \$38 Million Contract From the UK MoD to Supply Joint Fires Synthetic Training Systems (JFST)

September 10, 2019

### JFST systems will support exercises for forces deployed onboard the Royal Navy's Queen Elizabeth Class Aircraft Carrier

HAIFA, Israel, Sept. 10, 2019 /PRNewswire/ -- [Elbit Systems Ltd.](#) (NASDAQ: ESLT), (TASE: ESLT) ("Elbit Systems") announced today that its UK subsidiary, Elbit Systems UK Ltd., ("Elbit Systems UK"), was awarded an approximately \$38 million contract from the UK Ministry of Defence ("UK MoD") to supply comprehensive JFST systems to the British Army. The JFST systems will be supplied over a period of two years following which Elbit Systems UK will provide an additional four years of maintenance, technical support and on-site training.

Under this contract, Elbit Systems UK will provide both fixed and mobile systems that are comprised of multiple networked simulators set to train mounted and dismounted Joint Fires teams and Joint Fires Cells. JFST systems will also be supporting exercises for reserve forces and teams deployed at sea, such as those onboard the Royal Navy's Queen Elizabeth Class Aircraft Carrier.

**Martin Fausset, CEO of Elbit Systems UK**, said: "We are proud to have been selected by the UK MoD to supply the JFST systems, providing a valuable capability for the British Army and delivering an operationally proven capability into the UK, together with our local partners."

#### **About Elbit Systems**

Elbit Systems Ltd. is an international high technology company engaged in a wide range of defense, homeland security and commercial programs throughout the world. The Company, which includes Elbit Systems and its subsidiaries, operates in the areas of aerospace, land, and naval systems, command, control, communications, computers, intelligence surveillance and reconnaissance ("C4ISR"), unmanned aircraft systems, advanced electro-optics, electro-optic space systems, EW suites, signal intelligence systems, data links and communications systems, radios and cyber-based systems and munitions. The Company also focuses on the upgrading of existing platforms, developing new technologies for defense, homeland security and commercial applications and providing a range of support services, including training and simulation systems.

This press release contains forward-looking statements (within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended) regarding Elbit Systems Ltd. and/or its subsidiaries (collectively the Company), to the extent such statements do not relate to historical or current fact. Forward-looking statements are based on management's expectations, estimates, projections and assumptions. Forward-looking statements are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, as amended. These statements are not guarantees of future performance and involve certain risks and uncertainties, which are difficult to predict. Therefore, actual future results, performance and trends may differ materially from these forward-looking statements due to a variety of factors, including, without limitation: scope and length of customer contracts; governmental regulations and approvals; changes in governmental budgeting priorities; general market, political and economic conditions in the countries in which the Company operates or sells, including Israel and the United States among others; differences in anticipated and actual program performance, including the ability to perform under long-term fixed-price contracts; and the outcome of legal and/or regulatory proceedings. The factors listed above are not all-inclusive, and further information is contained in Elbit Systems Ltd.'s latest annual report on Form 20-F, which is on file with the U.S. Securities and Exchange Commission. All forward-looking statements speak only as of the date of this release. The Company does not undertake to update its forward-looking statements.
